Collins Elementary School | est. 1969

June, 2018

Dear Collins Families,

We are nearing the end of the school year and I would like to thank the students, staff and families for a great year at Collins Elementary. I am very proud to be part of the Collins Family and of all we have accomplished this year.

Our students are finishing up this year's end of the year assessments, including the Spring NWEA testing. We are awaiting results from the State on our MSTEP testing and will be sharing those results with families in the near future.

We will soon be celebrating Kindergarten Graduation as our youngest students have finished their first year of school as well as 6th Grade Graduation and sending those students off to Jr. High. It's been amazing to see the growth that takes place in a year let alone the 7 years that many have been here at Collins.

As we look forward to summer, I would like to remind parents of the importance of continuing to work with your children over the summer. Turn family car rides into time to read signs or count miles, go to the library and read a book together or cook using a recipe with measurements. Keeping children active is also important for their health as well. Summer is a time to relax and recharge, but also can be a continuation of their education in so many ways.

I wish you all a wonderful summer and look forward to great things in the 2018-2019 school year.

Sincerely,

Jennifer Kleiner, Principal

Collins Elementary's Mission: With the support of the community, the mission of Bruce Collins Elementary is to foster a caring and enriching environment that enables all students to grow academically and socially to reach their individual potential, as they become lifelong learners.
